Dear

Recently we wrote to you about water service line coverage available to eligible Smithville homeowners. Many have decided to accept this coverage and we'd like to provide you with another opportunity to do so.

Please remember to accept coverage

Because you have not responded, we are writing again to remind you about this optional coverage and your responsibility regarding the water line on your property.

Homeowner responsibility and financial costs

The original water service line on your property was installed before 1941. If you have not replaced this line it may be at risk for age-related breaks. Most homeowners aren't aware that they are financially responsible for the water service line buried underground on their property. Repairs can cost you thousands of dollars and could require excavation. Exterior Water Service Line Coverage from us* gives you up to \$7,000 in annual coverage (30-day wait period with a money-back guarantee), which includes multiple service calls up to your coverage amount and no deductibles. You will also have 24/7 access to our emergency hotline 365 days a year. Peace of mind for as little as \$4.99 a month. This coverage could be an important financial help if your water line suddenly fails. Water service line failures are difficult to predict and can happen at any time. Accept coverage today and rest easy knowing your finances will be protected up to the benefit amount.

Please respond by March 20, 2015

Accept this coverage by filling out and returning the attached form or calling 1-877-444-7750. For fastest processing, visit our secure website TXwaterplan.com.
