

# NOTICE

## Bad weather policy.

After much consideration on how to go about practices during this particular weather situation, cancellations will go as follows:

- If SISD cancels classes → **ALL** practices scheduled for that day will be cancelled
- If SISD has a delayed start → practices scheduled that day MAY run as scheduled, unless determined by the City to close early (our building usually has an early closure time of 7pm). In which case, any practices after closing time will NOT run.
- If SISD runs as normal → practices scheduled that day will run as scheduled, again, unless determined by the City to close early (7pm).

This will just serve as a guideline and could change as needed. Please let me know if you have any questions.

Thank you
